

West Battle Lake Lakeshore Association

What has your board done in 2019?

- Focused on working with the DNR on all issues related to our lake including the Walleye Stocking Project
- Developed a new set of “Bylaws” for the association
- Conducted water clarity readings (secchi disc) and lake sampling to ensure the appropriate lake composition for a healthy lake
- Worked with the Battle Lake School District’s kids to “help” with maintaining our lake through “in school” presentations on AIS issues
- Monitored our lake at our east and west public accesses to ensure, as best we can, the prevention of more invasive species through boat inspections
- Monitored “Island Time” to ensure inspections of boats, as best we can
- Worked with the Otter Tail County AIS Task Force on all issues related to our lake
- Attended conferences at the University of Minnesota Aquatic Invasive Species Research Center to keep abreast of all issues concerning our lake
- Maintained good communications through our web site postings to keep all lake shore owners apprised of our lake’s condition and just what the association is doing
- Responded to concerns of lakeshore owners as they come into our website

As reported by Jerry Horgen

Annual Meeting 2020: June 20 at LACC Starting at 8:00 AM

“Service to others is the rent we pay for living,”

Marion Wright Edelman
